REQUESTED SERVICES INCLUDE:

Remove snow and apply salt after accumulation of 2" or more

Remove snow from curb to building front on all SSA streets in the contract area, including intersecting side streets up to the first alley or 50 feet from the main road.

Machinery for sidewalks must be less than 5' wide; larger vehicles are not allowed on sidewalks.

Apply a mixture of rock salt and magnesium or calcium chloride to sidewalks. Materials with blue dye preferable.

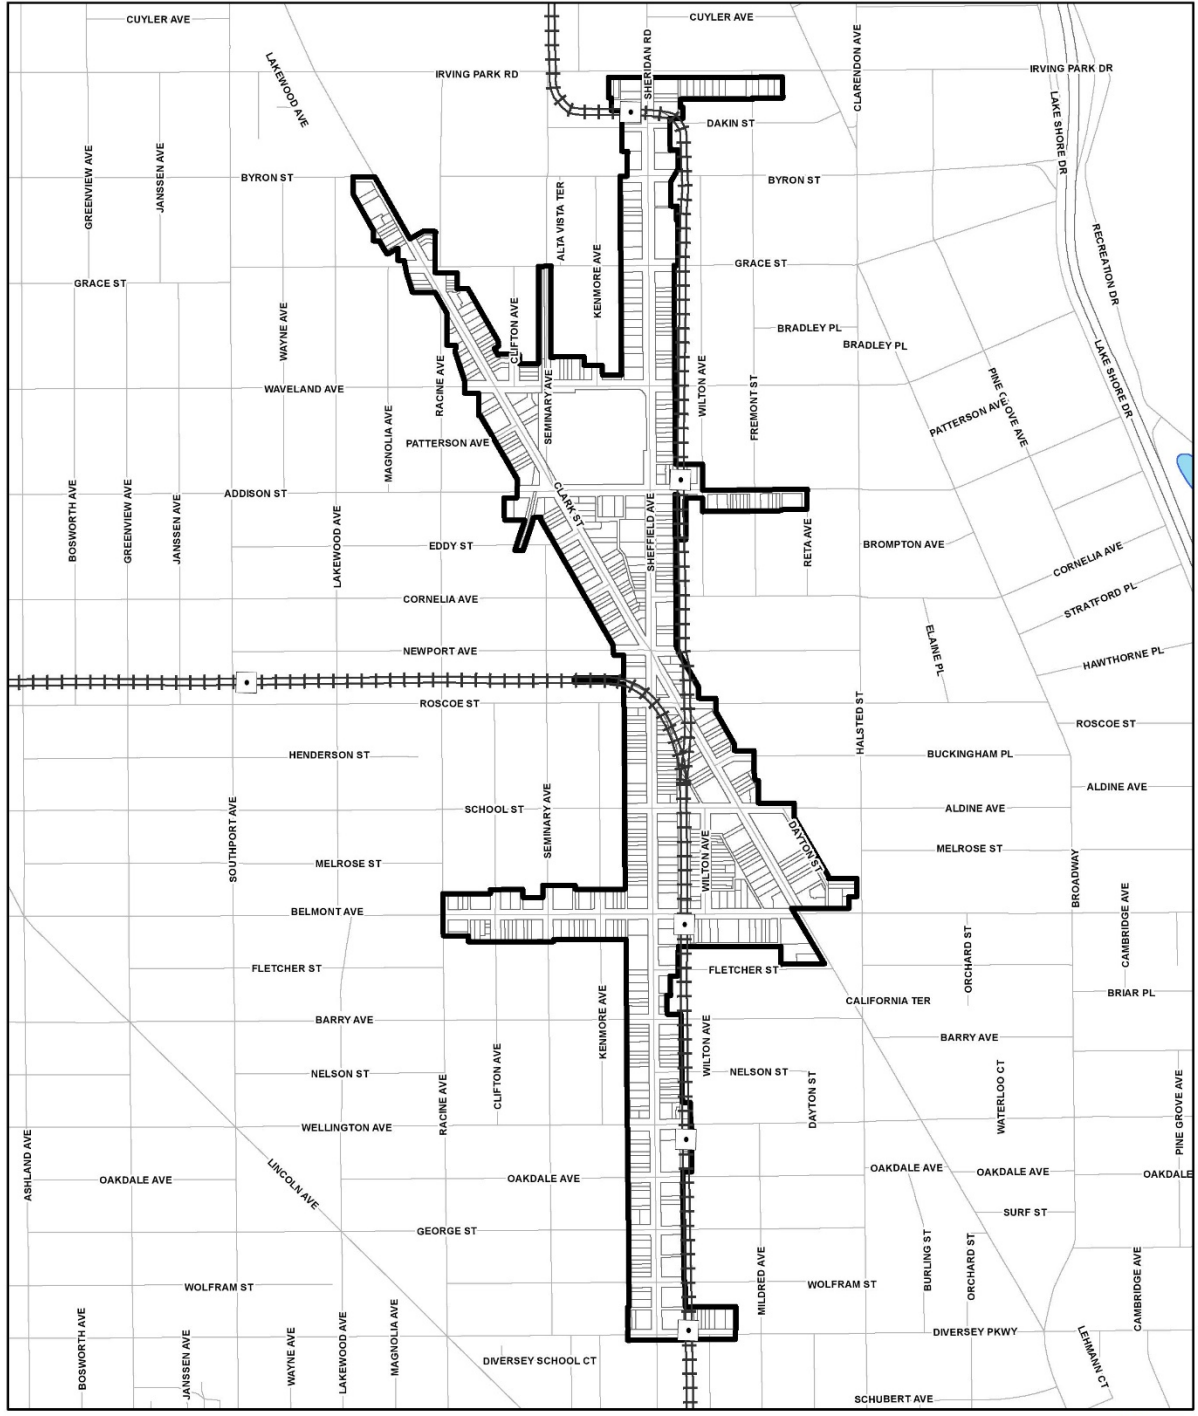

Machinery with automatic spreader required.

Remove snow with shovels or with smaller machines in areas that are too small for regular machinery.

Follow-up 48 hours after initial snowfall to clear sidewalks and crosswalks of any snow blown, plowed, shoveled, fallen from awnings, etc.

Please submit a proposal by **Monday, October 11th, 2021 at 5 p.m.** Proposals should include a scope of services and timelines as well as all related fees. Please include at least 3 references.

If you have questions, please call Nata Wier at 773.348-8608 or email to the address below. Proposals should be sent to: Info@lakevieweast.com
